

Metalac inko je zavisno preduzeće u okviru Metalac grupe iz Gornjeg Milanovca. Osnovano je 1995. godine, kada počinje proizvodnja sudopera od nerđajućeg čelika.

Metalac inko je jedini proizvođač sudopera u Srbiji i okruženju. U inox programu u ponudi imamo više od trideset modela usadnih, nasadnih i podgradnih sudopera. U 2008. godini uveli smo i proizvodnju Granmatrix solid surface ploča, sudopera i umivaonika za najširu primenu u opremanju enterijera i eksterijera, a krajem 2010. godine proizvodni program u delu kompozita proširen je potpuno novim programom sudopera pod nazivom XGranit, izrađenih od najkvalitetnijih materijala

evropskih proizvođača. Naš asortiman namenjen je velikim specijalizovanim proizvođačima kuhinjskog nameštaja i firmama koje se bave enterijerom.

U skladu sa politikom, zahtevima i rejtingom kompanije Metalac, razvili smo kvalitetan proizvod i visok nivo poslovnosti. Pored tržišta Srbije, prisutni smo i na tržištima zemalja potpisnica CEFTA sporazuma, na tržištu EU, kao i u Ukrajini.

Metalac Inko Ltd is a subsidiary of the Metalac Group from Gornji Milanovac. It was founded in 1995, by starting the production of stainless steel sinks.

Metalac Inko is the only sink producer in Serbia and surrounding markets. The offer of stainless steel sinks includes over thirty models: top-mounted, inset and undermount. In 2008 we started production of Granmatrix solid surface sheets, sinks, washbasins for various purposes, interior and exterior design. By the end of 2010, new product range, named XGranit, was introduced – sinks made of top quality composite materials from well-known European suppliers.

Our offer is meant to meet the needs of specialized producers of kitchen furniture and interior designing. Following the policy, professionalism and rating of the Metalac company, we have developed a state of the art quality products. Beside Serbian market we have penetrated the CEFTA and EU markets, as well as Ukraine.

KATALOG PROIZVODA / PRODUCT CATALOGUE

Inox sudopere / Stainless Steel Sinks
XGranit sudopere / XGranit Sinks
XGranit slavine za XGranit sudopere / Aquabi faucets for XGranit Sinks
Granmatrix kompozitni materijal / Granmatrix Composite Material

INOX SUDOPERE / STAINLESS STEEL SINKS

Način ugradnje / Type of Installation

1. NASADNE SUDOPERE

Ugrađuju se kao gornji deo kuhinjskog ormarića, odnosno čitavom površinom pokrivaju kuhinjski ormarić.

2. USADNE SUDOPERE

Montiraju se u unapred pripremljen otvor, tako da okvir sudopere leži na površini radne ploče.

3. PODGRADNE SUDOPERE

Montiraju se sa donje strane radne ploče.

1. TOP-MOUNTED SINKS

Top-mounted sinks are installed as a top finishing element of a kitchen cabinet.

2. INSET SINKS

Inset sinks are inserted into a kitchen top and make integral part of the surface. The sink is inserted into the appropriate sized hole from above and fastened with clamps delivered with the sink.

3. UNDERMOUNT SINKS

Undermount sinks are installed from below and its rim is covered by the edges of the kitchen top plate, made of natural stone or composite material. Use and care of this seamless construction is easy, even with high hygiene requirements.

Karakteristike / Characteristics

Metalac inko za izradu sudopera koristi visoko-kvalitetne nerđajuće čelike, najpoznatijih svjetskih proizvođača, koji obezbeđuju veoma povoljna svojstva:

- otpornost na rđu i pojavu fleka
- otpornost na kiseline
- jednostavno održavanje
- potpuna otpornost na visoke temperature
- higijenska ispravnost i pogodnost za pripremu hrane
- uvek moderan dizajn

Metalac Inko Ltd produces sinks from top quality stainless steel, supplied by world proven companies, ensuring good performances and characteristics of the product:

- rust and stain resistant
- acid resistant
- easy use and care
- total resistance to high temperatures
- hygienic and good for food contact
- modern design

Površine / Surfaces

Inox sudopere izrađujemo u varijantama poliranog, reljefnog i mat finiša.

Stainless steel sinks are made in mirror polished, leinen and satin surface.

XGRANIT SUDOPERE / XGRANIT SINKS

Materijal / Materials

Sudopere XGranit izrađuju se od kompozitnog materijala, čiji je glavni sastojak kvarc – najtvrdi element granita, zbog čega su ove sudopere poznate i kao „granitne sudopere”. Prirodni materijal kvarc, koji čini 80% sastava XGranit sudopere, u kontrolisanim uslovima meša se sa odgovarajućom smolom, najvišeg kvaliteta. Krajnji proizvod je materijal izuzetne čvrstoće i otpornosti, koji odaje utisak prirodnog kamena.

XGranit sinks are made of composite material which main component is quartz – the hardest element of granite, therefore these sinks are also known as "granite sinks". Quartz, natural material which makes 80% of the XGranit sink, is mixed with high quality resins in controlled production process. The final product has exceptional hardness and resistance with the effect of a natural stone.

Karakteristike / Characteristics

- jednostavno održavanje
- izuzetna trajnost
- izgled prirodnog kamena
- otpornost na grebanje
- izuzetna čvrstina i otpornost na lomljenje
- otpornost na temperature do 280 °C
- higijenska ispravnost i pogodnost za upotrebu hrane
- otpornost na kiseline
- boja sudopere ne bledi i otporna je na sunčeve zrake
- easy use and care
- long lasting
- natural stone look
- scratch resistant
- exceptional hardness and resistance to breakage
- resistant to temperatures up to 280 °C
- hygienic and good for food contact
- acid resistant
- colours are UV stable and do not fade

Boje / Colours

XGranit sudopere izrađuju se u više oblika i boja, tako da se savršeno uklapaju u svaki enterijer.

XGranit sinks are offered in various shapes and colours which could fit any space.

GRANMATRIX

Materijal / Materials

Granmatrix spada u grupu kompozitnih, odnosno tzv. Solid Surface materijala. Osnovni sastojak Granmatrix-a je poliesterska akrilno modifikovana smola, koja se meša sa odgovarajućim mineralom (aluminijum-trihidroksid), koji datoj smoli daje formu i čvrstoću. Na ovaj način dobija se proizvod koji izgleda kao kamen, a obrađuje se lako kao drvo.

Granmatrix je materijal koji se izlivanjem može pretočiti u bilo koju formu. Metalac inko od Granmatrix-a proizvodi ploče (različitih dimenzija i debljina) i druge oblike (umivaonici, sudopere, kade itd). Krajnji proizvodi izrađuju se po porudžbini, prema zahtevima i specifikacijama krajnjih kupaca, a u saradnji sa ovlašćenim partnerima – proizvođačima nameštaja.

Granmatrix is a Solid Surface composite material. The main component of the Granmatrix is a polyester acryl-modified resin mixed with the mineral (aluminium trihydroxide) which gives shape and hardness to the resin. As a result we get the material that is hard as a stone and at the same time easy to work with.

Granmatrix material can be cast in any desired shape and has many possible applications in both interior and exterior design. Metalac Inko Ltd makes sheets in various sizes and thicknesses and other shapes like sinks, washbasins, bath tubs... A final product is custom made upon requirements and specifications of end users, in cooperation with authorized partners – furniture manufacturers.

Karakteristike Granmatrix-a / Granmatrix Properties

- Širok spektar boja i dezena - Metalac inko u paleti trenutno ima oko pedeset boja, pri čemu je paleta praktično neograničena
 - Glatka površina i prijatan osećaj na dodir
 - Nevidljivi spojevi i prelazi između delova – tzv. monoblok izgled, odnosno utisak da je krajnji proizvod napravljen iz jednog dela
 - Antibakterijska, neporozna i hemijsko-fizički otporna površina - što Granmatrix čini odličnim izborom u oblasti pripreme hrane i zdravstvenim ustanovama
 - Jednostavno fabrikovanje i instalacija
 - Jednostavno čišćenje i održavanje
 - Reparabilnost – bilo kakva oštećenja (sitne ogrebotine i sl) mogu se popraviti, tako da proizvod, koji je godinama bio u upotrebi, može ponovo izgledati kao nov
 - Granmatrix je materijal sa termooblikujućim osobinama, što znači da se može zagrevati i saviti u različite trodimenzionalne oblike, što doprinosi broju različitih mogućnosti primene
-
- Wide range of colours and patterns – we offer around fifty colours and patterns, while the palette is practically unlimited
 - Smooth surface, pleasant to touch
 - Seamless texture and monoblock structure
 - Anti-bacterial non porous surface with chemical and physical resistance – Granmatrix is a great choice for contact with food and for medical environment
 - Easy manufacture and installation
 - Easy to use and clean
 - Repairable – any damage (like small scratches and similar) could be repaired and the top surface that had been used for years could look like brand new
 - Thermoformable – Granmatrix can be heated and bent into different three-dimensional forms, which contributes to the number of different application possibilities

Zahvaljujući jedinstvenim osobinama, Granmatrix predstavlja sjajan izbor za izradu kuhinjskih elemenata:

- Monoblok izgled, odnosno neprimetnost spojeva i utisak da je kuhinjska ploča izlivena iz komada.
- Potpuna inertnost materijala garantuje sigurnost u pripremanju hrane i visok nivo higijene.
- Neograničene mogućnosti dizajna - potpuna sloboda u oblikovanju radnih ploča, uz praktično neograničenu paletu boja.
- Glatka, neporozna površina i neprimetnost spojeva čine materijal jednostavnim za održavanje i čišćenje, a čak i uobičajene hemikalije koje se koriste u kuhinjama ne mogu izazvati oštećenja.

Thanks to its unique properties, Granmatrix is a great choice for kitchen cabinets:

- Monoblock appearance – invisibility of joints and the impression that the kitchen worktop is cast from a single piece of material.
- Complete inertness of the material guarantees safety in food preparation and high hygiene level.
- Unlimited design possibilities – complete freedom in designing worktops, with virtually unlimited color palette.
- Smooth, non-porous surfaces and invisibility of joints allow easy maintenance and cleaning, and even common chemicals used in kitchens cannot cause damage.

Kupatila / toaleti / Bathrooms / Toilets

Umivaonici, kade, kupatilski nameštaj...

Zahvaljujući neporoznoj površini i otpornosti na vodu, Granmatrix je idealan za upotrebu u kupatilima i može da podnese svakodnevne uslove visoke vlage. Glatka površina i prijatan osećaj na dodir pružaju izuzetno zadovoljstvo u svakodnevnom korišćenju.

Belo ili u boji koju poželite - mogućnosti za dizajn su gotovo neograničene.

Sinks, bathtubs, bathroom furniture... Thanks to it's non-porous surface and water resistance, Granmatrix is ideal for use in bathrooms and may be submitted to everyday conditions of high humidity. The smooth surface and a pleasant feeling to the touch provide great satisfaction in everyday use.

White or any color you want – design possibilities are almost limitless.

Restorani / lokali / hoteli / Restaurants / Shops / Hotels

Šankovi, pultovi, radne ploče u restoranima...

Visoko prometna mesta i svakodnevna intenzivna upotreba zahtevaju izdržljiv materijal. Granmatrix je materijal koji je po svim presecima jednakog kvaliteta, sastava, boje i dezena, tako da se bilo kakva oštećenja mogu popraviti, a proizvod, koji je godinama bio u upotrebi, može ponovo izgledati kao nov.

Higijenska svojstva Granmatrix-a podrazumevaju da je pogodan za upotrebu na javnim mestima.

Bars, counters, worktops in restaurants... High traffic public places and intensive daily use require durable product. Granmatrix is a material that is equal in all sections in terms of quality, composition, color and pattern; this means that any damage can be repaired, and that a product, which has been in use for years, can once again look like new.

Hygienic properties of Granmatrix make it suitable for use in public places.

Laboratorije / Laboratories

Granmatrix je otporan na agresivne hemikalije, što omogućuje njegovu primenu u laboratorijama.

Takođe, Granmatrix je otporan na visoke temperature i do 180 °C.

Granmatrix is resistant to aggressive chemicals, which enables its use in laboratories.

Also, Granmatrix is resistant to high temperatures up to 180 °C.

Izuzetne osobine Granmatrix kompozitnog materijala svoj puni izraz mogu naći u opremanju enterijera, kako domova, tako i javnih objekata. Zahvaljujući neograničenim mogućnostima oblikovanja, kao i širokoj paleti boja, neograničene su i mogućnosti dizajnerskih rešenja za opremanje unutrašnjeg prostora.

Granmatrix is a material with thermoforming properties – it can be heated and bent into different three-dimensional shapes, which further contributes to great possibilities in interior design – tables, lamps, shelves, bathroom furniture...

Potprozornici / Window Sills

Granmatrix je otporan na atmosferske uticaje i UV zrake, tako da se može koristiti i za izradu potprozornika za spoljašnju, kao i za unutrašnju primenu.

Potprozornici se izrađuju po meri, a moguće su različite kombinacije oblika i boja.

Granmatrix is resistant to weathering and UV rays, so it can be used for window sills in both indoor and outdoor use.

Window sills are made to measure and are available in different combinations of shapes and colours.

Slobodne forme / Free Forms

Granmatrix nudi dizajnerima, arhitektama i enterijeristima velike mogućnosti i slobodu u kreiranju.

Skoro sve što se zamisli moguće je izvesti, bilo da su u pitanju nepravilni oblici, kombinacije sa drugim materijalima, igre svetlosti i boja itd.

Granmatrix offers designers, architects and interior designers great opportunities and freedom in creation.

Almost everything imaginable is possible to perform - in terms of irregular shapes, different colour combinations, combinations with other materials etc.

KUPATILSKI ELEMENTI SANITARY WARE

U želji da upotpuni asortiman proizvoda za kupatilo i da tržištu ponudi svoju viziju kupatilskih elemenata, Metalac Inko je predstavio liniju umivaonika i tuš kada izrađenih od Granmatrix kompozitnog materijala.

Asortiman Granmatrix kupatilskih elemenata obuhvata:

- Pojedinačne modele umivaonika – ukupno petnaest modela jednodelnih i dvodelnih umivaonika, za sve koji žele sami da dizajniraju svoje kupatilo.
- Granmatrix tuš kade

In order to complement the range of products for the bathroom and to offer its vision of sanitary ware, Metalac Inko introduced the line of washbasins and shower trays made of Granmatrix composite material.

Assortment of Granmatrix sanitary ware:

- Individual models of washbasins – a total of fifteen one-piece and two-piece washbasins, for those who want to design their own bathroom.
- Granmatrix shower trays

Karakteristike / Characteristics

Granmatrix umivaonici imaju sva pozitivna svojstva Granmatrix materijala, od kojih posebno treba izdvojiti:

- Antibakterijska, neporozna površina, koja je idealna za svakodnevne uslove visoke vlage
- Jednostavno čišćenje i održavanje; za svakodnevno održavanje potrebni su samo vlažna krpa i blago sredstvo za čišćenje
- Reparabilnost – bilo kakva oštećenja (sitne ogrebotine i sl) mogu se popraviti, tako da proizvod, koji je godinama bio u upotrebi, može ponovo izgledati kao nov
- Glatka površina i prijatan osećaj na dodir

Granmatrix washbasins have all the advantages of the Granmatrix composite material, most important being:

- Anti-bacterial, non-porous surface - ideal for everyday exposure to high humidity
- Easy to clean and maintain - for everyday maintenance only a damp cloth and mild detergent are required
- Repairable – any damage (like small scratches and similar) could be repaired and the top surface that had been used for years could look like brand new
- Smooth surface, pleasant to touch
